

U.S. General Services Administration

GSA West Coast Customer Workshop Slated for 2007 - Seattle, Washington

Since 2002, GSA's Regions 9 and 10 have co-hosted an annual workshop in an effort to keep our customers up-to-date on GSA services. In our continuing effort to provide relevant information and at the same time ensure a worthwhile use of our customer's time and resources, GSA has made the decision to give the conference a one-year hiatus. During this period, we will review past conference results and gather feedback from our customers with the goal of providing even better customer service. We look forward to seeing you in Seattle in 2007. Meanwhile, we invite you to visit us at our website www.gsa.gov/wccw or contact your Regional Account Manager for the most current information on the Seattle Workshop. Should you have additional questions, please contact either Donna Shepard (Region 9) at (415)522-3298, or Wayton Lim (Region 10) at (253) 931-7633
